MINISTRIES

Issue No. 15 September 2018

Crusade—Thank you so much for praying for us!

48 people gave their lives to Jesus - and many were delivered from evil spirits. In some meetings the Holy Spirit could be felt

We had a total different crusade compared to our last one. David could feel many enormous attacks from the enemy from different angles. The darkness is always active in an event like that. David couldn't sleep for two nights because of it. But PRAISE GOD, it was all worth it!

in an outstanding way. Some came to the front with deep conviction and in tears crying out to God to save them. It was a real victory to see some witchcraft items burnt to ashes – Praise God!

David also was very unexpectedly surprised by meeting a Swiss woman who is married to a Tanzanian and lives there attending the host church of the crusade! They spoke Swiss German.

Deliverance and Baptism of the Holy Spirit

After they came out of the lake we prayed for them all. Some needed deliverance as demons manifested in them.

One girl particularly was in pain all over her body as we were praying. (Not pictured)

We tried to cast it out but it wouldn't shift first. After a while we were not sure if that girl was free or not. So, we prayed for the baptism of the Holy Spirit which didn't happen.

Then we continued with deliverance and finally she fell onto the ground and was free.

After that the Holy Spirit came and she spoke in tongues and didn't want to stop.

But we were under time pressure to go to the final crusade meeting in the afternoon.

There were lots of individual testimonies that afternoon. It was just glorious to see God at work.

Every convert filled in a decision card and will be followed up. Please pray for them as no doubt the enemy will try everything to attack them.

Baptisms

It was really an amazing experience to baptise

so many people in the lake Kindai. They all queued up and some were very emotional as being baptised is such a key thing in a Christian's life. Everyone received teaching about it be-

forehand and they understood exactly what they were doing.

Steep Learning Curve

We have learnt extremely much regarding how to run crusades in the future. David had

many hours of conversations especially with Dr Mauza who is in charge of all the denominations of Tanza-

nia. He is a very wise, humble and experienced man and David could learn so much from him as well as the hosting bishop.

David and the team are very excited for the future!

You can view our video of the crusade on our website to see some scenes for yourself.

Huge thank you for your prayer-support!
