

GOSPEL ALIVE

MINISTRIES

Issue No. 19 September 2019

Tanzania Crusade

GAM Africa has run a crusade programme in Longido. They had about 150 young people attending the seminars from 8.30am to 6.30pm.

They taught them our 'Christian Foundational Course' and 'Evangelist School Course'.

The presence of God was there and many youngsters were very moved. It was a very happy atmosphere with dancing and singing.

In the evening crusade meetings we had up to 700 people attending, and it was absolutely amazing how 21 young adults got gloriously

saved!!

The power of the gospel was powerful at work and they wholeheartedly made Jesus their Saviour – Praise God!

Divine incident

David had to repair his lawnmower. Donna gave David directions to find a place. But as men don't listen, he by 'accident' found another place (thinking it was the one Donna described).

When picking up the mower David got a word of knowledge and asked the man 'G' if he had a problem on his arms or hands? He said, yes, I have arthritis. David asked if he could pray for him? He allowed it and David held his left hand in which he had more pain.

After prayer, 'G' was so surprised that most of the pain left immediately. He said, this hand is now better than my other one. David then held both hands and prayed once more and the man's jaw nearly dropped.

He was so amazed that the pain left. David asked him if he believed in God? He replied 'no'. David answered: "But now you do"! 'G' revealed that this incident definitely makes him think to change his opinion.

Street-work in Peterborough

David and his friend had a good time in the streets of Peterborough where they could explain the gospel very clearly to many people. It also was awesome to see how one woman

immediately got healed from back ache. When we tried to witness to her friends around her who came later she told them that her back was healed.

This was awesome because they listened even more to us afterward and we had a little congregation. It was

also great how David had a chance to explain the gospel at length to a moslem sitting on a bench who listened with great interest.

Woman got saved and delivered

After David preached on a Sunday morning service, David and the church leader had the privilege to lead a woman 'J' to the Lord.

'J' had lots of evil spirits in her, which bothered her with (hearing) voices.

Many years ago 'J' walked into a spiritualist church to find answers and the evil spirits came out with her and stayed since. 'J' went through a nightmare during all these years..

David then cast these spirits out.

After a fairly long deliverance session she was free – PRAISE GOD!

She felt greatly relieved, happy and empty. Of course, they prayed straight away for God to fill her with Himself and the peace of God.

Huge thank you for your prayer-support!

David & Jenna
