MINISTRIES

Issue No. 25 March 2021

Book Update

We have received positive feedbacks since David's book has been published:

"Your book is powerful. I have been applying the principles. Fruit: one inner healing. PTL. One physical healing, spine. PTL. One curse discerned. The person understood and agreed to have it sorted. PTL. The name of Jesus! All in His name."

"This wonderful book gave me the powerful tools I needed to fight intense spiritual battles on a daily basis, giving me peace for the first time in a long time. The demonic warfare was so oppressive in my life but this book enabled me to defeat the enemy Praise God!."

The German, Spanish and Swahili translations, now completed, will hopefully soon be published too. We want to make the Swahili version available as a free download for the African countries as they can't afford it and yet have so many witchcraft issues. **One Bible College in Tanzania asked for books in order to make it part of their curriculum.** We expect many Colleges to do the same in the future. **The English version is currently available in 53 countries.**

Two Mini Crusades in Tanzania

We are so pleased that we as GAM are now able to run crusades in Africa without David travelling there each time. The Word of God has gone

forward in Arusha in spite of the bad weather conditions on some days, and praise God, **12 people gave their lives to Jesus!** Another crusade was run in Kilimanjaro. The numbers were down in that place because many feared COVID infections. But praise God **23 came to CHRIST.** This is so

wonderful what God is doing in spite of all the obstacles!

Future Dreams

We are considering starting work on two big projects which at the moment are only dreams. By God's grace and help we may be able to make them a reality. The first one is **a weekly broadcast for the East African countries.** The second one,

which is the bigger challenge, is **to set up a Bible College.** Shallow Bible knowledge is prevalent in Africa, therefore in depth biblical teaching is essential to allow our Christian brothers and sisters to grow in Christ. Also several governments in differ-

ent African countries now require a degree course from pastors if they want to continue being a pastor. We believe God has put this dream on our hearts. Please pray with us.

Kidney Stones Supernaturally Removed

Usman (PK)

Greetings to you all in Jesus name. I want to give my testimony to all of you to the glory of God. I had a lot of kidney stones and I couldn't urinate. I asked brother David to pray for me and was blessed. After the prayer Jesus Christ performed a miracle and all kidney stones came out. Thanks be to God as now I have no problem urinating anymore and I have no stones left. I'm so happy and want to give all the glory to God

– Hallelujah!

Huge thank you for your prayer-support!
