Issue No. 34 June 2023

### We Are Ready – Hadzabe Tribe

We are so excited! After a lot of hard work we are now ready to take the 12 orally translated teaching lessons to the Hadzabe tribe. As soon as the rains have stopped, we will take the 15 mp3 players (charged by solar power) to the main leaders of the tribe. They then will make sure everybody can listen to the teaching. This is a huge and amazing project to reach a tribe who has never heard about Jesus Christ and the gospel.

### National Day of Fasting & Praying - Tanzania

David conducted the day of prayer per online, on March 5th in Tanzania. Most of the churches (around 6000) joined in the day at their locations. **The TV and radio were present at the hosting church, and broadcasted a summary of the event to millions of people in many different African countries** (not just Tanzania). After that we were inundated with invitations, of which unfortunately, we can only accept a small percentage of them as there are too many.

### Sunday School in Pakistan for Orphans

We have started to run a regular Sunday School in Pakistan with 60 orphan children. The need is great in every way. Our hearts go out for these precious children and we have a passion to teach them about the only one hope in life – JESUS CHRIST!

### Family Dhin - Update

We are grateful to the Lord for His provision of helps to navigate a new phase for our eleventh year of home educating. **Caleb has made a slightly early start on International GCSEs.** It took a great deal of time to investigate all the options, and we have decided to get into the swing of things with accounting to begin with. He has chosen all his other options as well, so the books are at the ready. **Jadon has a couple more years to go before it's his turn.** We appreciate your prayers for us as a family; in the work, studies, routine, and family life. May the Lord continue to help and guide all four of us, in all things, for His will and glory.

### Testimonies

**"Our son nearly died but God healed him" - Aliya (Pakistan)**

"Greetings my brother and sister I want to share my son's testimony with all of you. A while back my son Aliya who is four years old had become very ill and he was conditioned to die. He took a lot of different medicine from many doctors. He even got admitted to hospital, but we didn't see any difference in his health. Then I talked to my brother Usman and showed my son to him on video call. Usman then spoke to brother David about my son. We all know now Brother David for 5 years and we consider him as family. When we have a sickness problem in our house, then we call Brother David to pray. We believe that when Brother David prays for us, we get healed from our diseases and sicknesses, because God has blessed Brother David with the Holy Spirit. After we asked him to pray, Brother David sent a prayer via WhatsApp voice message for my son. We played it to Aliya. My son got blessed and recovered very quickly after the prayer. Aliya can now play and walk again. We are so happy! We give all the glory to our wonderful God, Jesus Christ our Saviour."

**Instant Miracle Over the Phone-Mercy (Tanzania)**

"I was attacked by the power of witchcraft and demonic forces. I was in so much pain for four days that I even couldn't sleep anymore. One part of my body was so swollen and extremely painful. I would like to thank God and lift up the Name of our Lord Jesus Christ up and give Him all the glory! I called the man of God Dr David Ohin to pray for me via phone. Instantly every demonic power over me broke and left as well as all the pains. I was instantly totally healed. I'm so happy and give God the glory for delivering me from the agony."

**Huge thank you for your prayer-support!**
