Supernatural Swiss Trip

PRAISE GOD!!!!

Thank you so much for praying and be part of it! It was really amazing!

David left home at 2am not feeling well at all and with a bad headache fighting against the cold (it was his own mistake as he went for a run with Caleb even though he told his daddy not to join him as it was too cold for David). **But God was gracious, literally before David entered the plane (in the queue) he was well again as quick as flicking a switch.** Headache completely left. And it stayed like that the whole time. David was truly amazed himself. We have a GREAT GOD!

In the same afternoon, after explaining the gospel very clearly in detail to someone, **David had the privilege to lead that person to the LORD.** That fruit was ripe and ready. He also did deliverance ministry on her as she had demonic issues. She felt it going away immediately. Also, her fever left her at the same time.

During the whole time in Switzerland, David met up with many people who needed counselling and ministry. **He also went to a house which was exposed to many demonic influences** and not good things did go on in that house where also witches and the demonic had access to the spiritual realm there. David prayed altogether for about an hour and set each room free. All the strongholds broke and a bit later he received the report that the house became very empty because all these demonic issues and witchcraft lost its power (which is fantastic). Everything was gone and the demonic was broken. On Friday night when he taught in a

discipleship course it was the exact right teaching. **They have taught the same subject the week before and David followed up with the second part going a bit deeper (not knowing what they were taught the week before).** **Only the Holy Spirit can do amazing things like that!** It was so fitting to everyone there for their personal situation and David saw how the message reached the hearts. When David was preaching on Sunday (in a different church), he felt again the anointing of the Holy Spirit. He could also sense very much that many of the audience was longing for what David preached (the supernatural life) in their own life, which was very encouraging.

Even though it was very busy with many challenges David felt deeply that Jesus was so much in David and David in Him every day and all felt so effortless. All the glory to HIM! We thank all of you who prayed for this Swiss journey, because we believe that was the reason why it was so successful!

Crusade in Karagwe, Tanzania

We had a very different crusade in Karagwe than usual! It took place in a fairly remote village of Karagwe, Tanzania. **We had about 200 people attending the crusade and 20 got saved.** Praise the Lord! We are so pleased for these 20. **Unfortunately, we couldn't continue because of political interventions in the area.** The LORD showed

David (by the Scripture 'to throw the nets out on the other side of the boat') that HE wants us to take a different approach this time in that area. We didn't know what that meant for a few days until we had the graduation service on the Sunday. **We had an amazing graduation meeting in Karagwe with 360 people present. Fourteen pastors graduated from our GAM College** and David had great liberty in preaching and he felt the anointing upon him. After that he prayed for the sick and immediately God moved powerfully. Literally within a few minutes people came to the front and testified how God healed them instantly. **We have now planted 14 churches** with these pastors in that area and that is what the Scripture revelation to David

meant. This is an amazing multiplication as this will impact a big area in the long run. Please pray for these pastors.

Unexpected Crusade in Misenyi, Tanzania

They begged us to run another small crusade on the way home from Karagwe, in one of the 14 churches. I asked my team if they could do that without me as I believed that was God's plan. **We praise God that a hundred people came and 13 gave their lives to the Lord.** Hallelujah! It was amazing as among the saved one was a witch (pictured) and she decided to abandon witchcraft immediately.

Pakistani People Got Saved and Baptised

We have been working in Pakistan among many brick factory workers since two years and explained the gospel regularly. We praise God that **20 of them decided now to follow Jesus** and accepted Him as their Saviour and Lord. On their own accord they wanted to get baptised which is wonderful.

Sadly, we have heard from our key worker in Pakistan that the Moslems have burned down 100 homes of Christians and 32 churches just recently. Please remember the brethren – this is extremely hard. It is already hard enough as the Christians are treated like slaves in the economic world.

Update on the Well

Praise the Lord!!! The well is now finished. All the rains caused an emergency situation where we had to scrape all we could together to pay to get it finished before it 'caved in'. Thank you to those who contributed! It is now ready for use. All we need now is to be able to hire the equipment to till the ground as well as the seeds to sow.

Teaching Resources for the 6000 Churches

This project is an urgent matter in the Kingdom of God in Tanzania and a pressing need. As **David is the leader of the 6000 churches in Tanzania**, God placed a heavy burden on him to equip all the churches with teaching material. Over the years we have learnt how extremely important it is to set a solid foundation in teaching for every church, as confusion, wrong spiritual doctrines and superficial understanding of the Word creeps in very easily and as a result of that, many drift away very easily. **Our goal is to equip each church with the 'Christian Foundation Course', 'Evangelist School Course' and David's book 'Get Free & Stay Free'.** On top of that we are currently working on our third course 'Becoming Mature Course' which will be the longest out of the three. It's a huge challenge to supply each church with all of that in Swahili. We tried to convince the churches that we are unable to give it out for free as it would cost us over GBP 30,000.- However, our plan is to print for about GBP 1,200.- (in our GAM Africa office) and start selling them one by one to the churches. With that money we will then print the next batch and continue on that basis. Please pray for this urgent project and that we receive the funds to start printing.

Support through Giving

If you feel prompted to give to any one of the needs or projects, please be assured it all goes direct to that need, or project you specify as we have the people actually doing the work.

Huge thank you for your prayer-support!

David & Senra
