## MINISTRIES

Issue No. 36 December 2023

### Christmas Greetings

We want to say a BIG thank you for standing with us for all these years! For your prayers, love and support in so many ways. **We feel truly blessed to have so many people backing us up and being a part of our team in reaching and teaching such great multitudes of people.** We so

wish you a wonderful Christmas with the focus on our blessed Lord and Saviour Jesus Christ!

### Update of the Hadzabe Tribe

When we handed over the fifteen solar powered mp3 players to the Hadzabe tribe they were so excited and hungry to hear about our God. After we explained everything to them we had a worship meeting where they worshipped our God. Meanwhile they have asked us to come back to them which we still need to arrange a date. Please pray for this precious tribe who

have been so much in the dark. We are currently working on further teaching for them. Our future goal is to reach many more unreached tribes like the Hadzabe tribe. **Please pray for us as these projects are combined with a lot of difficulties, obstacles and hardship as we directly impact the kingdom of darkness.**

### Testimony

#### Delivered From A Life Tormented By Evil Spirits

"When growing up my sister and I experienced so much fear.

We moved house regularly and every house we moved into had a demonic presence.

We would go to bed at night clinging to each other dreading the time when the radio closed down for the night because it was in the silence that we felt the most afraid because then we could

hear the sounds and feel the sensations of the demons.

We could sense an evil presence around us and didn't want to open our eyes because we were afraid of what we might see if we did.

As an adult, things got even worse but in a different way. Along with still being aware of the spiritual darkness surrounding me, I continually experienced demonic attacks of rejection, anger, fear, guilt and failure, but I had no control over these feelings and they were mainly totally irrational. It was the demonic realm that had the control over me at those times.

I didn't know what acceptance, peace and true joy were because they can only be found in Jesus.

Neither did my family

I finally came to know Jesus as my Lord and Saviour and was baptized in the year 2000.

But I still wasn't free....

Trails still continued to plague me and members of my family. Some too graphic to go into detail, but many of these trials caused injury and some were life threatening.

I asked God to show me what was going on and He said it was a family curse going back many generations. Then He showed me a picture of a 'witch being burned at the stake'. That explained clearly why the demonic activity was regularly moving with us from one house to the next particularly whilst growing up!!

I then realised what had to be done. Deliverance and the long-standing generational curse breaking.

When David, Donna and the boys started attending our church. I approached David and explained the situation to him and asked if he could help. He said 'yes' and we arranged for him and Donna to come and meet with my sister and I.

A successful deliverance followed and **many demons were expelled from me and my sister.** This left me totally free and I was finally able to forgive and move on from the painful experiences of the past.

The family curse in my life broke and changes are beginning to take place.

It has also enabled me to grow in understanding the healing and deliverance ministry which Jesus has firmly placed within my heart. I now have a very strong God given passion to evangelise the world around me and set others free too in the mighty name of Jesus. No experience is wasted with God!!

I thank my amazing God for what HE has done, changing my life of fear into joy and victory.

To HIM be the Glory.

**Huge thank you for your prayer-support!**
